

Her Austrian-Hungarian Throne and Wife Murdered

Exploiters of Mexico Charged With Seeking Failure of Mediation

Alleged That Interests Represented by H. Clay Pierce Object to Success of the Niagara Falls Conference.

Huerta Agents Styled Tools of Lord Cowdry

Documentary Evidence Showing the Relation of "Big Business" to the Revolution That Is Rending Mexico.

New York, June 28.—(Special.)—Readers of Sunday's New York Herald and Atlanta Constitution, who were given an insight into the peculiar and highly significant activities of the American and of the revolutionary propaganda in relation to Mexico, will doubtless be greatly interested in the revelation that the forces that have been engaged in the formulation of a railway program for the Mexican people have been exerted to prevent the success of mediation.

Documentary evidence published in Sunday's Atlanta Constitution clearly indicated the intimate relationship existing between Captain Sherborne G. Hopkins, consul-general at Mexico, and the American and of the revolutionary propaganda in relation to Mexico, will doubtless be greatly interested in the revelation that the forces that have been engaged in the formulation of a railway program for the Mexican people have been exerted to prevent the success of mediation.

Attention was drawn to the fact that three Mexican representatives of General Carranza, who are understood to have been named as his delegates to confer with the representatives of the Mexican government at Niagara Falls, are the same three gentlemen who, according to Captain Hopkins' reports to General Carranza, Mr. Pierce had fully outlined a program for the reorganization of the Northern Railway into a separate system, to be financed by American capital.

According to the same testimony, Mr. Luis Figueroa and his associates of the Mexican City government are charged with being agents of Lord Cowdry, who is characterized by Mr. Henry Clay Pierce as "the actual controller of Mexico outside constitutional lines."

One of the most interesting allegations of this remarkable inside correspondence of the revolutionary Junta is that Mr. Jose Vasconcelos, one of General Carranza's representatives, received money from Mr. Henry Clay Pierce. Another interesting disclosure had to do with the payment of money by Mr. Henry Clay Pierce to Captain Sherborne G. Hopkins "for expenses."

It will have been noted in one of the telegrams relating to this payment reference is made to the arrival in Washington of Mr. Henry Clay Pierce, another of General Carranza's lieutenants, who had devoted his attention to the railway and of the same group. It is also understood to have been named by General Carranza as one of his delegates at the Niagara Falls conference.

In a letter written by Mr. Pierce to Captain Hopkins on May 12, 1914, he inclosed a newspaper clipping relative to the identity of the three gentlemen named by the Huerta government to represent it at the Niagara Falls mediation conference and said: "I think you should use the inclosed clipping of May 11 as the basis of a strong article in the New York Herald and elsewhere as you can arrange, showing that all three of Huerta's peace envoys are traitors to the cause of the revolution. I am sure you know that this is true. I have always been Cowdry's personal attorney in Mexico, and chairman of the Mexican Board, National Railway of Mexico, since Limantour left Mexico."

SECRET PARVEYS HELD BY HUERTA WITH CARRANZA

Stated in Vera Cruz That Peace Negotiations Have Been in Progress at the Capital of Mexico.

CARRANZA IS ANGERED BY THE UNITED STATES

The Rebel Chief Is Said to Think That Washington Has Assumed a Dictatorial Attitude in Regard to Mexico.

Vera Cruz, June 28.—Secret peace negotiations between General Carranza and President Huerta have been in progress in the capital, according to Antonio Magnan, an American, who arrived from Mexico City today. Magnan said it was known positively that representatives of Carranza had conferred with President Huerta.

There are indications that the federal forces before Vera Cruz are being rapidly reduced, and that only a thin fringe of regular soldiers will be left to maintain the outposts. It was thought in the capital that a peace agreement between Huerta and Carranza, based on Carranza's resignation, was certain to come soon, Carranza being forced to make some concessions because of his disagreement with General Huerta and his army.

FOREIGN INTERFERENCE RESENTED BY CARRANZA

Laredo, Texas, June 28.—"Constitutionalist" leaders who have the sympathy of all the people of Mexico behind them, will not allow the dignity of the nation to be lowered by the interference of any foreign power in the internal affairs of the country. This declaration was made by General Venustiano Carranza at a banquet at Monterey Saturday night, according to travelers who arrived here today. Carranza, it was said, asserted that the United States was assuming a dictatorial attitude toward the Mexicans who attended the banquet reserved for the delegates to the conference.

NO NEED for you to search the city over for a boarding place or desirable rooms. A bureau of information is conducted by The Constitution for the benefit of the public, and every one is invited to use it free of charge. Have you a room for rent? It should be listed in The Constitution's Bureau of Boarding and Rooming House Information. Telephone Main 5000 or Atlanta 5001.

MEDIATION CHARGED WITH MASS MEETING TO SELECT ARBITERS

Differences Between Fulton Bag and Cotton Mills and Former Employees Discussed at the Grand.

BOTH PARTIES ASKED TO SELECT ARBITERS

Addresses on Problems of Capital and Labor Made by Dr. Wilmer, Dr. White and Marion Jackson.

Following addresses stressing the necessity of an immediate and amicable settlement for the public good of the differences between the strikers of the Fulton Bag and Cotton mills and the mill owners and an improvement of conditions at that mill, some 2,000 citizens at a mass meeting at the Grand opera house Sunday afternoon adopted resolutions urging the mill owners to meet the offer of the strikers to arbitrate their differences in the same spirit of fairness in which the striking employees have made the offer.

It was further urged that in order that such a settlement might be made binding and that there might not be the semblance of grounds for subsequent charges of unfairness, the part of the proposed board of mediation by either contending party, that the employees and the mill owners select their own board of mediation instead of having the Men and Religion Forward in the selection of the members of the board to select that board, was originally proposed by the strikers.

Dr. John E. White, one of the speakers, characterized the meeting as being successful in its object, as one of historical significance and one which will in future years be referred to as the beginning of intelligent discussion and mediation of capital and labor differences and the ushering in of a new era of fair play in such warfare.

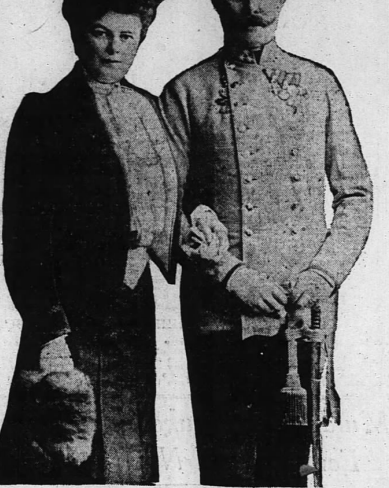

The resolutions adopted were as follows: "Whereas, the strikers at the Fulton Bag and Cotton mill have signed their willingness to have the differences between them and the mill arbitrated; and "Whereas, for the protection of women and children, the public is very vitally interested in the settling of the points of the difference between both the strikers and the mill owners; "Resolved, That we, the citizens of Atlanta and Fulton county, do hereby assemble, do urge upon the Fulton Bag and Cotton mill the necessity for meeting the offer in the same spirit of fairness and that an arbitral board be had between the strikers and the mill in a manner and form to be decided by the strikers.

Desires Prejudice Against Jews. Dr. C. W. Wilmer, Dr. John E. White and Dr. Marion Jackson, who were present at the mass meeting, were asked to speak upon the "brass tacks" of the situation.

He began with an attack upon the Jew. He said that there exists in Atlanta a prejudice against the Jew. He said that the Jew is a man who is a great power in the world. He said that the Jew is a man who is a great power in the world.

Murdered Duke and His Wife

ARCHDUKE FRANCIS FERDINAND AND HIS WIFE.

The murder of the archduke and his wife is likely to complicate the Austro-Hungarian succession. The Duchess of Hohenberg was mortally wounded in the shooting, and as such matters are not recognized in Austria, her son, Maximilian Charles, cannot succeed to the Austrian throne, though he can be king of Hungary.

Royal Victim Was Warned Of the Murder Conspiracy But Disregarded Warning

Tragedy Will Further Embitter None Too Friendly Relations Between Serbia and Austria.

Vienna, June 28.—The assassination of Archduke Francis Ferdinand and the Duchess of Hohenberg caused a profound sensation here. The streets were quickly thronged and anxious inquiries were made regarding details of the latest tragedy to bedevil some of the most prominent members of the imperial family during the present reign.

When the assassination became known the authorities took possession of all telegraphic and telephone facilities at Sarajevo and shut off all communication with Vienna. The most sympathy is expressed everywhere for the venerable emperor, Francis Joseph, who only yesterday left Vienna after a serious illness for Znoj, upon Austria, to recuperate.

The doctor's arrest followed that of C. A. Dackard, chief porter of the Whitehall hotel, who is held at police station, having failed to give bond. His arrest followed complaint made by the girl's sister.

According to the detectives the girl was sent out of the city to Sumter, S. C., by a friend. Last night she came back into the city, and was served with a subpoena by the detectives.

Many Barns Destroyed By Thunder Storms in Vicinity of Georgia

Dawson, Ga., June 28.—(Special.)—Heavy rains, accompanied by wind, hail and much lightning, have done considerable damage in several sections of this county. Telephone wires were struck and several dwellings burned out in a number of houses. Lightning struck and set fire to a barn on C. D. Grimes' farm, near Dawson, and a barn on B. B. Perry's place, above Brownwood, was blown down and two mules owned by his tenant, Jacob Motley, were killed. Dr. Cooke lost a barn on his place, near Dawson. Many other barns in different portions of the county and a number of tenant houses were partially destroyed.

Couple Were Shot Dead While Riding in an Auto Through Bosnian Capital

Shots Were Fired by a Serbian Student—Archduke Shot in Face and Duchess in Abdomen and Throat—Royal Couple Escaped Bomb Before Bullets Were Fired.

Double Murder Most Shocking Of Numerous Tragedies Recorded In Annals of House of Hapsburg

Aged Austrian Emperor Had Already Lost a Brother, Son, Wife and Other Members of Family by Violence—Latest Tragedy Charged to Serbia and Anti-Serbian Outbreaks Are Reported.

Sarajevo, June 28.—Archduke Francis Ferdinand, heir to the Austria-Hungarian throne, and his morganatic wife, the Duchess of Hohenberg, were assassinated today while driving through the streets of Sarajevo, the Bosnian capital. A youthful Serbian student fired the shots which added another to the long list of tragedies that has darkened the reign of Emperor Francis Joseph.

The archduke and his wife were victims of the second attempt in the same day against their lives. First a bomb was thrown at the automobile in which they were driving to the town hall. Forewarned, however, of a possible attempt against his life, the archduke was watchful and struck the missile aside with his arm. It fell under an automobile following which carried members of the archduke's suite, wounding Count Von Boos-Waldeck and Colonel Merizco.

AMERICAN SHELLS STOP CANNON FIRE AT PUERTO PLATA

U. S. Gunboat Machias Uses Her Main Battery to Awe the Forces of the Dominican President.

AGREEMENT VIOLATED BY PRESIDENT BORDAS

After Machias Had Thrown a Few Shells, However, Bords Remembered His Pledge to American Commander.

Washington, June 28.—Bombardment of the rebel city of Puerto Plata by the U. S. gunboat Machias, under the command of Commander Bords, of Santo Domingo, was silenced last Friday by fire from the main battery of the American gunboat Machias. Only a few shots were required for the task.

News of this incident came to the navy department late tonight in a despatch from Captain Russell, commanding the battleship South Carolina. The Machias was sent into the inner harbor at Puerto Plata, prepared for battle after the Dominican forces several times had violated an agreement not to use artillery in attacking the city.

This afternoon when the Bords artillery opened fire shells into the city of Puerto Plata. The Machias anchor in the inner harbor and with some shots from her main battery stopped the firing of the artillery. The city will have a reassuring effect on Americans and other foreigners in the city.

Weather Prophecy LOCAL THUNDER SHOWERS

Georgia—Local thundershowers Monday, except fair northwest portion. Arkansas—Fair, continued warm on Monday and probably Tuesday. Tennessee—Generally fair Monday and Tuesday, with nearly stationary fronts. Virginia—Fair Monday, preceded by thundershowers in southwest; cooler in west. North Carolina—Local thundershowers Monday; generally fair Tuesday. South Carolina—Local thundershowers Monday; Tuesday probably fair. Mississippi—Fair Monday, except local thundershowers in southeast and extreme south; Tuesday fair. Alabama—Fair Monday, except thundershowers in extreme southeast. Florida—Local thundershowers Monday and Tuesday.

and in 1891 he was made a general. He reorganized the general staff of the Austro-Hungarian army with such success as to excite the admiration of all Europe. As a hobby he took up locomotive engineering, and received a diploma as a full-fledged railroad engineer. He was said to enjoy nothing so much as running an engine. He also became recognized as one of

In Hungary, however, the whole matter is entirely different. The Hungarians recognize no such thing as morganatic marriages. With them a marriage is a marriage, and the lawful wife of their king is their queen. In Hungary, the rights of a husband and wife are equal, and the same declaration were registered by the parliament and embodied in a statute which can of course be changed by the parliament in the same way.

(From The Electrical World.)

One of the most interesting features at the motion picture exposition, held recently in the Grand Central palace, New York, was a studio erected especially for photographing motion picture acts. The lighting equipment in this studio consisted of a number of incandescent lamps and two so-called "targon" filament lamps. The films were developed soon after the plays were rehearsed and the pictures were shown in small
